AM - Thanks for doing these. I'd like to make a suggestion re: the chart of people, locations, and responsibilities - in particular responsibilities.

For example - do it this way: "Bret Moxley, OSC" "Incident Commander" Our job is different from the responsibility that we are fulfilling at this response. Bret's responsibility is the Incident Commander which is distinctly different from being an OSC. You can get everyone's responsibility from the IAPs, etc. Email me if you have any questions.
